Extract from the First Interim Report of the Special Finance Committee held on 10th April 1922.

Resolution No. 14--Civil Works--Miscellaneous Departments.

The Travellers' Bungalows at Bidadi, Yelhanka and such other places which are not much frequented by the public may be abandoned and their establishments disbanded with a saving of about Rs.1,000 per annum. The Revenue Commissioner is agreeable to this proposal. The buildings may be utilised for the Education Department or sold.

The grant for Hill Stations, Rs. 13,600, may be reduced by Rs. 5,000 by abolishing the Curator and Hill Assistant and appointing an Overseer on Rs. 50. Grants for improvements may be cut out and that for contingencies reduced from Rs. 1,200 to Rs. 600. -- Clerk on Rs. 20 and 3 peons may also be abolished.

DEWAN'S OFFICE.
Rcvd. on MAY 10 1922
Reg. No. 6220

N O T E.

The Committee recommend that the travellers' bungalows at Bidadi, Yelahanka and such other places not frequented by the public may be abandoned and their establishment disbanded. They expect that as a result of this action a sum of about Rs. 1,000 may be saved to Government.

2. The Revenue Commissioner on whose suggestions this proposal is based, recommends in his letter to the Secretary, Finance Committee, the closure of a few --- Travellers' Bungalows, only three or four such as those at Yelahanka, Bidadi, Hampapur etc. The bungalows whose closure is recommended are all of the second class and the establishment charges at present incurred by Government for their supervision is about Rs. 27/- for each bungalow per month. There are in all 54 second class travellers' bungalows in the State and the establishment c h a r g e s ----------

amount to about Rs.17,500 per annum. In accordance with
B the orders of Government dated 19th March 1894, the establishment charges of all first and second class travellers' bungalows are debited to Government while those of the third class travellers' bungalows are charged to the District funds. As the District Boards are maintaining all the third class bungalows it is perhaps probable that they would be willing to maintain some of the second class bungalows also as it is likely that the places in which second class bungalows now exist are more frequented than those which contain only third class bungalows. There are at present 130 third class bungalows in the State and the average cost of their establishment charges is about Rs.1040 per month.

3. It is a matter for consideration whether instead of closing the second class bungalows, the District Boards may not first be asked whether they are agreeable to take them over for maintenance from District Funds. In his oral evidence before the Committee, the Revenue Commissioner states that he will go into the matter in detail and shall furnish information in consultation with the Deputy Commissioners.

4. In this resolution the Committee suggest that the grant ~~@@@@@@~~ for Hill Stations may be reduced by Rs.5,000 by the abolition of the Curator and the Hill Assistant and suggest also a reduction in grants for maintenace and improvements. The Hill Assistant was first employed in accordance with
C Government Order dated 29th December 1914 to assist the Superintendent of Government Gardens under whose supervision The Government Order above referred to placed all the Hill Stations in the State. The Hill Assistant has subsequently
Gm.580-17 / 86-4 / 8 Nov 18. D been confirmed in October 1918 in the grade of Rs.75-5-125. A separate Curator was appointed in accordance with the
E Government Order No.7703-5/G.M.674-17-5 dated 26th October 1918. ~~When under the exigencies of service the Assistant Superintendent was appointed for charge of the Government Gardens, it~~

Jun 14-22 (3

Under this order the Assistant Superintendent was appointed to be incharge of Government Gardens and Mr.Y.Rama Rao was designated as Curator and placed in independent charge of the Hill Stations under the direct control of the Chief Secretary to Government. This arrangement was perhaps made as it was considered inexpedient to place Mr.Y.Rama Rao as a subordinate officer under the Assistant Superintendent, Government Gardens. This reason has perhaps ceased to exist in consequence of the return of Mr.Krumbeigel and there does not appear to be any need to impose an intermediate officer between him and the Hill Assistant. If the appointment of the Curator is abolished the establishment of a clerk and two peons separately provided for him will also cease to exist..

5. The Committee recommend that the grant for improvements towards the Hill Stations namely Rs.2,000 may be cut out and that for contingencies reduced to Rs.600. As against the total grant of Rs.5,200 for improvements ~~and~~ maintenance charges and Contingencies, they only recommend now about Rs.2,600 may be granted for maintenance charges and contingencies ~~only~~.

6. The Nanda Hill Station was opened in 1914 and statistics regarding the number of visitors during the last seven years indicate its growing popularity. During the first year there were only 240 visitors and the receipts amounted to Rs.743-8-6. During the year 1920-21 there were 851 visitors and the receipts amounted to Rs.3898-0-6. As against this sum the expenditure incurred by Government on the establishment and other charges of this Hill Station, exclusive of those on account of improvements, amounted to Rs.10,034. It may also be remarked that the

rent levied from the visitors to this Station is Rs.2 for a suite of double block rooms which is much less than what is demanded not only in other Hill Stations but also in the Guests Quarters at Mysore. It would appear that the time has come for revising the tariff rates for rent and other charges on the Nandi Hill Station so that the object with which it was started by Government, namely, that it should become eventually self-supporting, should be realised as soon as possible. Instead of cutting out the grants for ordinary improvements it may perhaps be directed that efforts should be made to raise the tariff rates so that the establishment charges and other ordinary expenditure may be recouped from receipts.

The points which arise on the resolutions of the Committee are as follows:-

1. Whether the establishments at Bidadi, Yelahanka, Hampapur and such other second class travellers' bungalows, which are not frequented by the public be disbanded and the buildings utilised for the Education Department or sold as recommended by the Committee.
   Or whether the District Boards may be consulted whether they will take over the management of some of the second class travellers' bungalows which it is not considered expedient to maintain from State Funds.

2. Whether the appointment of the Curator and the separate establishment provided for him be abolished, now that the Superintendent of Government Gardens has returned to duty.

3. Whether the Hill Assistant be also abolished and an Overseer on Rs.50 appointed in his stead.

4. Or this appointment which has been confirmed by Government may be continued instead of an Overseer.

4. Whether the budget grant for improvements be entirely omitted and the grant for contingencies reduced to Rs.600 only.

5. Whether the tariff rates charged to visitors for use of the rooms and other conveniences on the Nandi Hill Station may not be revised so as to make the Station self-supporting as far as possible.

For warding to Chief Secretary with compliments.

I agree to the general proposal that 2nd class T. Bs which are not fragmented may be closed & the Expenditure incurred on them taken. But it seems to me that before effect is given to this Dt. Bds may be asked if they do prefer this arrangement or the alternative of their conversion into 3rd class T. Bs under their own control.

As regards Expenditure on Sikh States I intend to put up a note for the consideration of Govt. after consulting Mr. Krumbiegel in the matter. But I am afraid I shall not be able to do this for another three or four weeks. Meanwhile such items of Expenditure as it is feasible to cut may be done away with. E.g. Final Note by the First Member of Council.

Subject:—

Proposal of the Special Finance Committee for closing down certain Travellers' Bungalows and for reducing the grant for Hill Stations.

Pp. 1-4 of the note.

The Special Finance Committee recommend that the Travellers' Bungalows at Bidadi, Yelahanka and such other places, not much frequented by the public, may be abandoned and their establishment disbanded, thereby saving nearly Rs.1,000/- to Government. The Committee also recommend that the grant for Hill Stations may be reduced by Rs.5,000/, grants for improvements being cut out and that for contingencies reduced from Rs.1,200/- to Rs.800/-.

2. The Revenue Commissioner also recommends the closure of a few Travellers' Bungalows.

3. When the file came up before me, I recorded the following minute:-

"I agree to the general proposal that Second Class Travellers' Bungalows, which are not frequented, may be closed and the expenditure incurred on them saved. But it seems to me that before effec is given to this, the District Boards may be asked if they would pr fer this arrangement, or, the alternative of their conversion into Third Class Travellers' Bungalows under their own control."

As regards expenditure on Hill Stations, I intend to put up a note for the consideration of Government after consulting Mr. Krumbiegel in the matter. But I am afraid I shall not be able to do this for another three or four weeks. Meantime such items of expenditure as it may be feasible to cut may be done away with e.g., no Curator or Hill Assistant is necessary; an Overseer will quite do. Steps to improve income have also got to be taken at the same time."

4. The subject was considered at the meeting of the Council on the 25th instant and the following resolution was recorded:-

"The Council is in favour of abolishing a few Second Class Bungalows the cost of which is debited to State Funds and necessary action may be taken after consulting the Deputy Commissioners and the District Boards.

The Hill Station Establishment may be reduced to an Overseer in charge, with a Clerk and necessary menial establishment. The posts of Curator and Hill Assistant may be abolished."

5. I submit the above recommendation of the Council for His Highness' gracious approval.

My dear Sir,

I am directed to return File No. C.67 dated 10-6-1922 and to say that His Highness approves of the Council Resolution, favouring the abolition of a few Second Class Travellers' Bungalows.

21 JUL 1922

As regards the Hill Station Establishment, I am to say that the question of funds required for the proper completion and efficient working of the Nandidrug Hill Station may be settled in consultation with the Superintendent, Government Gardens, as suggested by the First Member of Council. I am to add that if a suitable Overseer can be found for charge of the Hill-Station, both the Hill Assistant and the Curator may be removed, as suggested, but the former should, if possible, be transferred to the charge of Mysore Gardens, where he is now working, and the latter sent back to his post in the Lal-Bagh. It is very necessary to have a more senior man than an ordinary Overseer for charge of the numerous Gardens in the Mysore City. The Curator may return to his legitimate work in the Lal-Bagh. All these questions may be considered in consultation, as already suggested, with the Superintendent, and final proposals may kindly be submitted for His Highness's orders.

Yours sincerely,
Mirza M. Ismail

It is not clear what is meant by the statement that you are not prepared to maintain 2nd class Travellers' Bungalows at certain places. Not only the post but also the H.T. Bks should remain the necessary evil and it is not right to save money to post by transferring the charges to the H.T. Bks. In as the Bungalow H.T. In these circumstances, the H.T. Bk can not see its way to undertake to maintain anni-terminal T.Bs at Yellandu and Bhadrachalam. The other outstations may also be

To

The Deputy Commissioners of Districts
and Presidents of District Boards.

Sir,

I am directed to state that the Special Finance Committee have recommended to Government that the Travellers' Bungalows at Bidadi, Yelahanka, Hampapur and such other places not much frequented by the public may be abandoned and their establishment disbanded, the expenditure incurred on them being saved to Government.

Government are in favour of abolishing a few 2nd class T.B's which are not much frequented and the cost of which is debited to State Funds, but before doing so they desire to have the opinion of the Deputy Commissioners and the District Boards in the matter. I am therefore directed to request you to be so good as to favour Government with your proposals as to which of the second class Travellers' bungalows in your district are not much frequented by the public and which it is not expedient to maintain from State Funds and whether the District Board would prefer such bungalows being closed or the alternative of their conversion into third class Travellers bungalows under their own control.

I am to add that this subject may be treated as urgent and definite proposals

S i r,

With reference to your letter No. O. 1012-28/ G.M. 14-22-2 dated the 8th instant, regarding the closure of such of the second Class Travellers' Bungalows as are not much -- frequented or their conversion into Third Class ones and --- transfer of their management to the Local Bodies, I have the honour to state that the savings resulting from the closure of the second class Bungalows will be very small and incommensurable compared with the inconvenience caused to the public thereby.

2. In the present financial condition of the local -- bodies, it is neither desirable nor feasible to call upon them to maintain any more travellers' bungalows, as very few of -- such instititutions are self supporting.
